

THE LONE FISHERMAN.
Hill is Digging a Grave for Two.

At the meeting of the State Medical Society held in Flint last week, Shiawassee county was represented by a number of its leading physicians. In the proceedings published in the Flint News we find the following which was received with much laughter and applause: Dr. E. B. Ward, of Laingsburg, offered a resolution that when the society adjourn it sing the following hymn:

When we've been here ten thousand years,
Bright shining like the sun,
We'll still confide in bi-chloride
And Koeley's little gun.

The annual calendar of the University of Michigan, compliments of President Angell, is on our table. Any Shiawassee county students who desire can see the same by calling at this office or one can be obtained by writing Pres. Angell.

POTATOES.

To farmers who feel uncertain about raising potatoes I would say that I will make you a guaranteed bottom price of 25c per bushel for all well sorted Rose, Hebron, Burbank or varieties closely resembling them, up to 20,000 bushels, to be delivered during the month of October. If prices are higher than this I expect to have to pay as much or more than other buyers, but in any event 25c shall be the lowest price offered. Remember one thing. When I say October I mean it.
